ENERGY EFFICIENCY PROJECT FINANCING

When funds are not available from within your organization, securing financing may be your best option. Pacific Power teams up with National Energy Improvement Fund (NEIF), a firm specializing in energy efficiency project financing. NEIF partners with a variety of capital providers to connect customers with the right kind of financing for their energy project. This financing solution is provided as a convenience, and customers are free to use any lender of their choice. To learn more, visit PacificPower.net/Financing.

OTHER PACIFIC POWER BUSINESS PROGRAMS

BLUE SKY® FOR BUSINESS

Pacific Power's Blue Sky® renewable energy program offers businesses an easy way to meet environmental goals, demonstrate leadership in the community, connect with customers and employees, and earn recognition. To learn more, visit PacificPower.net/BlueSkyBiz.

ENERGY BENCHMARKING

Resource Advisor is Pacific Power's energy benchmarking tool to deliver whole-building electrical usage data to ENERGY STAR® Portfolio Manager® every month. The tool helps customers better manage building performance and deliver energy savings. Learn more at PacificPower.net/Benchmarking.

ENERGY PROFILER ONLINE

Our Energy Profiler Online program converts energy data into money-saving information. It monitors electricity consumption and converts it into easy to understand charts and graphs. Once enrolled, daily meter reads will be posted to a secure website for use at any time. Multiple meters are no problem. You pay a setup fee and a small monthly fee for the service. View a demo of the program at PacificPower.net/Profiler.
